## ZeeDimension® Institute

## Course Overview

This 2-day certification program equips professionals with the essential skills to manage, govern, and analyze Environmental, Social, and Governance (ESG) data. Through hands-on sessions and expert-led modules, participants will master the principles of ESG data governance, quality, analytics, and disclosure—enabling credible and compliant sustainability reporting.

## Key Learning Topics

**1  ESG Data Fundamentals**
Understand ESG metrics, data typologies, and their significance across environmental, social, and governance pillars.

**2  Data Governance & Ethics**
Explore frameworks for ESG data governance, ethical data use, and regulatory compliance.

**3  Data Quality Management**
Implement policies and procedures to ensure accuracy, consistency, and integrity in ESG data.

**4  Data Collection & Integration**
Learn best practices for sourcing, storing, and managing ESG data from internal and external stakeholders.

**5  ESG Data Analytics & Insights**
Harness analytics tools to drive ESG performance, risk mitigation, and strategic decisions.

**6  Data Privacy & Security**
Understand privacy laws, cybersecurity standards, and safeguarding ESG data assets.

**7  ESG Reporting & Disclosure**
Align ESG data reporting with leading frameworks such as GRI, SASB, TCFD, and ISSB.

## Who Should Attend

- ☑ Sustainability & ESG Officers
- ☑ Compliance & Risk Managers
- ☑ Data & Reporting Professionals
- ☑ HR & Governance Leaders
- ☑ Financial Analysts & Investors
- ☑ Business Executives & Consultants

## Why Get Certified?

**Gain Recognition**
Stand out as a certified ESG Data Management Professional, showcasing your commitment to sustainable data practices.

**Advance Your Career**
Qualify for ESG, sustainability, risk, and data management roles in forward-thinking organizations.

**Drive Impact**
Support your organization's ESG initiatives through credible data strategies and transparent reporting.

**Join us to lead the future of ESG with data integrity and purpose.**
