Course Overview

This comprehensive 8-day online certification program is tailored for professionals aiming to strengthen their expertise in sustainability and ESG (Environmental, Social, Governance) reporting. The program offers actionable insights into global standards, materiality assessment, stakeholder engagement, and ESG strategy—preparing participants to produce credible, high-impact ESG disclosures.

Key Topics Covered

→ ESG Fundamentals

Understand the foundations of Environmental, Social, and Governance principles in relation to value creation. Net Zero Goals, Carbon Credits etc.

→ Principles of Carbon Accounting

Understand the foundational methods for measuring, managing, and reporting greenhouse gas (GHG) emissions in line with global standards.

→ Reporting Frameworks

Explore major ESG reporting standards including:

- GRI – Global Reporting Initiative
- SASB – Sustainability Accounting Standards Board
- TCFD – Task Force on Climate-related Financial Disclosures
- IFRS S1 & S2 - International Financial Reporting Standards for sustainability- and climate-related disclosures
- ESRS – European Sustainability Reporting Standards

→ Materiality Assessment

Learn how to identify and prioritize sustainability issues that are most relevant to your business and stakeholders.

→ Stakeholder Engagement

Build strategies for meaningful engagement with internal and external stakeholders—investors, employees, customers, and communities.

→ ESG Data & Reporting

Master techniques for collecting, analyzing, and reporting ESG metrics, goals, and performance.

→ Strategic Integration

Embed sustainability into core business strategy and decision-making for long-term impact.

→ Corporate Sustainability Reporting Landscape

Gain insight into evolving global regulations like the **Corporate Sustainability Reporting Directive (CSRD)** and what they mean for your organization.

→ Interactive Activities & Final Assessment

Engage in practical case exercises, discussions, and a final knowledge check to reinforce learning and certify your competence.

Why Attend?

- ✓ **Expert Certification**
Receive an industry-recognized certification upon completion.
- ✓ **Career Advancement**
Enhance your profile for roles in sustainability, compliance, risk, and corporate strategy.
- ✓ **Boost Organizational Value**
Drive ESG initiatives that strengthen performance, transparency, and stakeholder trust.
- ✓ **Network with Professionals**
Connect with sustainability leaders, practitioners, and peers from various sectors.

Who Should Attend?

- ESG & Sustainability Officers
- Compliance & Risk Professionals
- Corporate Communication & CSR Teams
- Strategy, HR, and Governance Leaders
- Financial Analysts & Investors
- Consultants & Auditors

Transform your ESG reporting skills and lead with purpose.

Format Options:

- On-Site (In-Person): 3 days | 6 hours per day
- Online (Live): 8 days | 2 hours per day (Sat & Sun Off)

**Course Certification
Awarded on Completion**
